

**REUSE.  
REDUCE.  
REPURPOSE.**

## **Do your part.**

**Donating items that can be reused and repurposed keeps functional and usable items out of the landfill.**

Habitat for Humanity of Long Island has partnered with the Town of Brookhaven to collect new or slightly used furniture, appliances, kitchen cabinets and building materials from Brookhaven residents. By dropping off your unwanted items, you will help Habitat build affordable housing for low-mid income families on Long Island.

The ReStore is a nonprofit home improvement store and donation center whose proceeds contribute to the work of Habitat Long Island. Habitat partners with families to build strength and stability through safe and affordable housing. Items donated to ReStore are sold to the public to support Habitat's vision - **a world where everyone has a decent place to live.**

**Together we build homes,  
communities and HOPE**

## **How to donate items to Habitat Long Island**

Residents can drop-off items at the Town of Brookhaven landfill to donate to Habitat Long Island starting May 5, 2022. Donations must be dropped-off at the Habitat container on-site. You can request an e-receipt for your tax-deductible donation by texting DONATE to 631-525-5447.

### **Location:**

Brookhaven Town Landfill (on-site Habitat container)  
350 Horseblock Road, Brookhaven, NY 11719
